Warehousing & Distribution

Our warehousing and distribution centers operate over two million square feet of prime, convenient storage space.

Our largest facility is located in the heart of Los Angeles, CA and we have additional facilities strategically positioned in the overweight corridor just minutes away from the Los Angeles and Long Beach Ports. Our California warehousing and distribution facilities extend throughout the Northern and Southern region including Carson and San Leandro with the Oakland ports in proximity to our northern facilities.

Our warehouses are Organic Certified and Food Grade Certified, and whether you need Transloading or Crossdocking, our warehouses can accommodate your year-round storage and warehousing & distribution needs.
